Autumn 2010

The EPIC study of nutrition and health: will you help us again?

You may remember that about 15 years ago you kindly joined the EPIC study, and about three years ago you should have received a follow-up questionnaire and a food diary. The study has been hugely successful and has led to important publications in the medical literature. Thank you for making this possible through your dedication and enthusiasm. To find out further details of our publications, please visit our website at www.epic-oxford.org.

We are writing to you now to invite you to help us again by filling in another follow-up questionnaire. This is designed mainly to collect further information about your current diet and other lifestyle factors. All information will be kept strictly confidential and used only for medical research. Participants are free to withdraw from the study at any time.

We hope that you will fill in the questionnaire and send it back to us using the freepost envelope enclosed. If you need assistance or have any query about completing the questionnaire, please contact us at queries@epic-oxford.org or ring us at 01865 289611.

Thank you again for your time and support, without which this research would be impossible.

Professor Tim Key
